Sub: Seminar cum Industry Interaction Meet on "Innovative Technologies for establishing Startups in Agriculture and Internet of Things" at Vijayawada in association with NRDC on 5th Oct 2018

The Andhra Pradesh Chambers of Commerce and Industry Federation, the State apex body represents the trade and industry of the newly carved Andhra Pradesh with the membership of several hundreds of industrialists and trade as also associations. Our Chambers is in the forefront to eagerly support and collaborate with the state Govt. / Central Govt. and various agencies for the development of the State. The only objective of the Chambers is the promotion and the development of AP.

The Chamber has relentlessly pursued the agenda of identifying business opportunities & challenges, addressing critical issues with the single minded focus of sustainable growth in the State. The Chamber has been instrumental in suggesting policy frameworks for conducive business environment. It plays an advocacy role on a wide range of matters and acts as an impetus to growth and developmental matters. The Chamber has organized various programs in the recent past in promotion of Industry and Trade and also frequently organized interactive meetings with various Central and State Ministers, Senior Bureaucrats etc to express and drive home Industry views

We propose to organise seminar cum Industry Interaction Meet on "Innovative Technologies for establishing Startups in Agriculture and Internet of Things" in association with NRDC (National Research Development Corporation ,an enterprise of Department of Scientific and Industrial Research, Ministry of Science & Technology, Government of India) at Vijayawada to create awareness on the latest development and availability of various technologies.

Date & Time: 5th Oct 2018 from 9:00 AM to 5:00 PM

Venue: Hotel Fortune Murali Park, Vijayawada.

We cordially invite you for the programme and benefit from this seminar. The seminar provides a unique opportunity to translate ideas into business growth opportunities which will create an enabling ecosystem and scientists from various research institutes will deliver lectures about the new technologies available for more productivity in interested areas of industry. NRDC licensed indigenous technologies to over 4800 entrepreneurs and helped to establish over 2500 small and medium scale industries.

Mr. N. Jagadish (Contact: 9912092222, federation@apchamber.in) and Miss V.K. Jyothi (Contact: 9121221473) would look forward to facilitating your participation and answer any queries in this regard. A tentative programme schedule, details of the programme and registration form for the programme is annexed herewith.

Looking forward to your presence and cooperation for the programme.

Yours Sincerely

A. Satyanarayana
Executive Director
